February 2017

## EDITORIAL

Welcome to the February edition of Brookwood News. In writing this edition, it struck me once again how fortunate we are to have so many local trades and small service businesses in the village. I hope you find the Small Businesses listing in this edition useful and please do consider using a local business if you are thinking of having any work done.

The reversal of the station entrance and exit roads finally seems to be working properly and there have been fewer incidences of vehicles mounting the pavement outside the Club, which is to be welcomed. The Basingstoke Canal Authority is carrying out significant maintenance works to the Brookwood stretch of the canal, Network Rail is replacing the defective rail between Brookwood and Woking this month, and we may even see the complete resurfacing of Connaught Road in the next four years!

The redevelopment of the ex-Wessons site is slowly taking place, but it will be a while yet before the developer, Renoir Homes, completes the properties and so we can welcome a new group of residents to our village. There are still a number of vacant commercial units in the village, so let's hope we see some changes there too.

Thanks to all the contributors and to you for reading the newsletter. Please continue to give us your feedback ([community@brookwood.org.uk](mailto:community@brookwood.org.uk)) and let us know your local news.

## BASINGSTOKE CANAL WINTER WORKS IN THE BROOKWOOD SECTION

### Update from the Basingstoke Canal Authority

This winter has seen a lot of work and maintenance activities take place along the Basingstoke Canal, including the stretch through Brookwood and Deepcut between locks 12 and 18. Here the entire stretch between the locks, including the Brookwood mile, has been drained down so that Surrey County Council's engineers can carry out inspections on the lock structures. While the area is drained down, contractors will be carrying out repairs to any major defects found.

As the water levels fell, a fish rescue took place over a number of days, with the rescued fish being moved to either end of the drained sections. Fish caught have included some seriously big pike, plus perch, tench, roach, rudd and bream. The towpath should not be affected by these works, but if it is temporarily please follow any signs or instructions from the contractors. The canal itself is of course closed. These works will hopefully be completed by March. Tree safety works and other routine bank maintenance will also be taking place along the canal until the end of February.

For all the latest information on what is going on along the canal do keep an eye on the Basingstoke Canal Visitor Centre Facebook page, the Basingstoke Canal twitter feed (@TheBCATeam) or the website ([www.basingstoke-canal.co.uk](http://www.basingstoke-canal.co.uk)).

## FAREWELL TO DOT HOLMES

Sadly, we report that long-time resident Dot Holmes passed away at the end of December. She and her late husband Derek (who for many years ran the Club Christmas Savings Fund) were one of the first residents

of Heath Drive, buying their brand new home there in the early 1960s for the princely sum of £2500. We send our condolences to the family, especially son Trevor and daughter Christine.

## THE POINTLESS SISTERS!

Congratulations to Tasha and Jo Smith of Riverside Close, for their recent success on the BBC TV quiz show Pointless, scooping a jackpot prize of £2250 with an unlikely football answer. The sisters grew up in Brookwood where their parents and sister Leah have lived for 25 years, and attended Brookwood Primary School and then Winston Churchill School. Proud parents Kate and Paul watched the broadcast and celebrated with the sisters and friends in Brookwood Club.

# NEWS FROM SURREY COUNTY COUNCIL

The Woking Local Committee is considering a report from Surrey County Council setting out which roads in the borough are most in need of resurfacing as part of the next

phase of Project Horizon. In the top ten at number 3, not unsurprisingly, is the entire length of Connaught Road, totalling 1460 metres. Councillors are yet to decide which of the priority

roads will be resurfaced, but don't hold your breath; even if the priorities are agreed, works are not scheduled to take place until the period April 2018 to April 2021.

## LOST AND FOUND CATS

We were about to report that the hunt was still on to find Stumpy (or Ziggy) who had been missing for a few weeks from the central part of Connaught Road. His owner Anna has just let us know that she has got him back. The Brothers from St Edwards found him and coaxed him into the monastery! Anna says 'I picked him up from there this morning and he's now happily chomping away at his food in our spare bedroom. Thanks again for your help, and heartfelt thanks to anyone who gave me news of him or helped me look!'

Mike Peel has asked us to thank the

many Brookwood residents who helped to find their missing cat, Morph, just before Christmas. Mike Peel says 'Morph went missing for four days and nights before turning up, frightened and hungry, in a neighbour's garage, only feet from where they live on Heath Drive, so many thanks to Trevor. Morph returned slightly the worse for wear to his brother and, after an overly large bowl of food, they both snuggled down together for a long sleep. During our search we received many reports and possible sightings. Brookwood residents are truly the most helpful and best neighbours we could have.'

## NEW ARRIVALS

No notifications yet of new arrivals in the village in 2017. Nigel and Louise of local business Frazer Green Photography would like to offer a gift of a free photography session at their Brookwood photography studio in Connaught Crescent to any new parents going forward. The cost of the session would normally be £25.00. Nigel commented 'we have been in Brookwood now for 2.5 years and we have been made to feel particularly welcome and would really like the opportunity to give something back to all Brookwood residents'. Their contact details are in the Small Businesses listing in this newsletter.

*Daniel Dickin was born 6th January 2016 weighing 6lb 3oz. Now almost 1, he is very inquisitive and not so tiny!*
